

Sited at the termination of a busy urban thoroughfare, the multi-phase development of the University of Pennsylvania's Penn Medicine Complex in Philadelphia serves as a focal point and a prominent urban landmark. Upon completion, the development will comprise of 178,500 gross square meters (1.9 million square feet) all master planned and designed by Rafael Viñoly Architects. To date, the Complex includes: the Perelman Center for

Advanced Medicine — an ambulatory care and cancer center completed as a Joint Venture with Perkins Eastman — completed in 2009; the Smilow Center for Translational Research completed in 2011; the Jordan Medical Education Center and a new expansion to add clinical space, both completed in 2015, and the South Tower, built in 2016 over the existing Center for Advanced Medicine and Jordan Medical Education Center.

April 2016

## FACTS + FIGURES
